MEETING ROOMS

There are times when you just haven't got enough space or you want to create the right impression when you are holding a meeting.

1 TO 4 PEOPLE

No more coffee shops or hotel lobbies, OREGA have a range of small meeting rooms which are purpose-designed for one-to-one meetings or groups of up to four people.

4 PEOPLE UPWARDS

Our more spacious meeting rooms are perfect for holding large meetings, presentations, conferences or running training sessions. With an OREGA meeting room you can be sure of world class facilities that will simply impress your guests and our cost effective options won't hurt your budget!

* Meeting rooms from 4 people upwards

* Large lounge area

* Refreshments served in the room

* Internet access, projection, and AV facilities available on request

VIRTUAL OFFICES

An OREGA Virtual Office is the perfect solution for growing businesses operating from domestic premises. We provide the ultimate in professional call-handling and business address identity.

With an OREGA Virtual Office you and your colleagues can work from home, in the car or even on holiday by the pool, so no more missed calls, voice mails or answer phones. The OREGA database holds the information you supply, so when we answer and direct your call it's with your name and exactly as you want. If you are unavailable we simply text or e-mail you the callers' details.

“The offices themselves are very bright and clean, and really very well maintained. The Café area serves excellent coffee; it’s comfortable and nicely designed. When we need a break it’s great to have somewhere to go to where we can relax and catch up on the news. Overall, Orega is a fantastic place to work, and our staff are all very happy here. We couldn’t ask for more than that.”
